The Queen Anne Street Medical Centre
18-22 Queen Anne Street,
London,
W1G 8HU

Appointments: +44 (0)20 7460 5678

Email: patient@londonchestclinic.com

Queen Anne Street Medical Centre is unique in offering modern consulting rooms together with a fully-staffed day care theatre and the very latest.

High-tech scanning equipment all in one locations. Alongside this, London's first private Cardiac and Pulmonary Rehabilitation scheme is now up and running. Similar programmes in the US have had highly beneficial results with a dramatic reduction in the incidence of second heart attacks and related problems. (www.qasmc.com)
